

Request for Energy Consumption Data

April 2022

Dear Retailer,

As part of AMP Capital's commitment to sustainability and the performance of Royal Randwick Shopping Centre, we invite you to share your Electricity and Gas consumption for the 2021 calendar year. This can be done by:

- A) *Completing this form, authorising AMP Capital Real Estate to contact your utility provider/s and obtain your energy consumption data for the 2021 calendar year.***

- B) *Directly providing your Electricity and Gas consumption data in your preferred format (e.g. excel file), for the 2021 calendar year.***

By sharing your electricity and gas consumption data, we will be able to better understand sustainability performance trends for your building. This information can help identify potential energy efficiency opportunities, supporting lower operational costs and sustainability improvements.

This information will also be used in our submission to the Global Real Estate Sustainability Benchmark (GRESB). GRESB is an assessment body that rates the sustainability performance of real estate portfolios worldwide. AMP Capital has supported GRESB since 2011.

To protect your privacy, all information provided will be aggregated with other tenant data, to obtain a 'total' for the Royal Randwick Shopping Centre.

If you would like to help, please complete and return this authorisation form or share your consumption data directly, via email to Caleb Adams (caleb.adams@ampcapital.com). If you have any questions regarding this request, please also contact Caleb via email.

Regards

Melanie Louie

General Manager Sustainability, Real Estate, AMP Capital

LETTER OF AUTHORISATION & DETAILS OF YOUR UTILITY PROVIDERS

By signing below, as an authorised representative, you consent to AMP Capital contacting your energy provider/s to request your tenancy's energy consumption data for the past calendar year.
